# CALL FOR PAPERS

## HAC WORKSHOP at the EPEC 2020

### Electrical Power and Energy Conference

*"Power Systems in Transition"***November 12, 2020, Virtual**

The annual IEEE Canada Electrical Power and Energy Conference (EPEC 2020) will co-host the Humanitarian Activities (HAC) Workshop, which is taking place in lieu of the International Humanitarian Technology Conference (IHTC 2020). This will be a unique opportunity to virtually interact with experts from industry, academia, government sector and other interested organizations from Canada and abroad and to present and discuss the latest developments in humanitarian activities and their impact on electric power and energy systems. It will provide an international forum for the presentation of peer-reviewed papers and presentations on these initiatives.

**Topics:** The HAC Workshop welcomes submission of papers related to the conference theme including, but not limited to, the following United Nation Goals:

- Goal 4: Quality education
- Goal 7: Affordable and clean energy
- Goal 9: Industry, Innovation, and Infrastructure
- Goal 11: Sustainable cities and communities
- Goal 13: Climate action
- Goal 17: Partnerships for the goals

**Paper Submission:** The format of the paper should follow the IEEE conference paper style and the requirements are the same as those for EPEC 2020. The workshop will only accept the electronic submission of a full paper in English. Detailed information on the paper format and submission procedure is available at: <https://epec2020.ieee.ca>. EPEC 2020 proceedings will be submitted to IEEE Xplore. Just like it is available for the EPEC 2020 authors, the HAC Workshop authors are also invited to submit extended versions of their presented conference papers for publication in the IEEE Canadian Journal of Electrical and Computer Engineering (CJECE) Special Issue, <http://journal.ieee.ca>.

**Important Dates:**

Submission of full papers	Sept 21 <sup>st</sup> , 2020
Notification of paper acceptance	Oct 5 <sup>th</sup> , 2020
Submission of final camera-ready papers	Oct 15 <sup>th</sup> , 2020
